

Centrally located, centered on your success

North Warrick Industrial Park

9988 North S.R. 57 Elberfeld, IN 47613

Ready for fast-track needs

With 236 acres (expandable to 800), the North Warrick Industrial Park is ideally suited for companies in industries such as data centers, advanced manufacturing operations, distribution and logistics facilities, and medical/healthcare. The park has qualified for Indiana's Shovel Ready Program, allowing for expedited permitting and rapid development. Two parcels are pad-ready for immediate construction.

Interstate 64, I-164 and the new International Commerce Superhighway (I-69) meet here, putting you within two highway days of everything east of the Rockies – and less than a half day from Nashville, St. Louis, Louisville, Indianapolis, and Cincinnati. Rail access is available within one mile. A barge terminal on our Ohio River shoreline speeds handling of bulk commodities. Evansville Airport is just 10 miles away. Warrick County has a ready workforce of people with skills in advanced manufacturing, data management, supply chain management, and more. Area schools and local postsecondary education providers work cooperatively to develop programs for workplace needs.
